

COMPANY PROFILE

DigitalAge Solutions & Services

Since 2012

PREAMBLE

DigitalAge Solutions & Services is a dedicated prepress services provider offering services that cater to a broad spectrum of areas in the field of publishing.

We provide end-to-end content management, e-publishing, data conversion and related services for journals and books. As a prepress services provider, our aim is to provide the publishing industry with the most advanced techniques in prepress services comprising typesetting, image editing and word processing. We continue to keep focus on delivering the best in a most cost-effective and timely manner.

We are devoted to build long-term fruitful partnerships with our clients by offering highly accurate, reliable solutions and services within budget. We accomplish these objectives by understanding the client's business needs. We use our experience, expertise, industry relationships and technology to the benefit of our customers.

Excellence, Quality output and timely delivery are our tradition.

We serve a wide range of clients that include individuals as well as publishing houses, research organizations, university departments, private firms and businesses.

OUR SERVICES

Our Services are for Authors, Scientific, Technical, Medical (STM) and Academic Publishers and other companies and individuals requiring high quality typesetting services in a fast turnaround time.

Our Services include:

- **Word Processing**
- **Copy Editing**
- **Image Editing**

Word Processing

DigitalAge Solutions & Services offers typing services to busy individuals and organizations. We provide high quality, cost-effective and confidential typing services with a quick turnaround times.

We undertake a variety of typing assignments from different parts of the Country. Our work involves typing from a variety of documents in hard copy formats including books, booklets, magazines, brochures, manuscripts, research papers, thesis, etc.

DigitalAge Solutions & Services

Copy Editing

This process plays a vital role in the accuracy of the subject delivered to the end users (the readers) with respect to correcting the faulty spelling, grammar, incorrect usage of punctuations, checking of specific cross-references, proper sequencing in the lists and other displayed material to ensure the consistency in spelling, hyphenation, numerals, fonts and capitalization.

Image Editing

Image editing includes the processes of altering images, whether they are digital photographs, or illustrations using appropriate software to bring about a crystal clear graphics to the subject.

Typesetting

DigitalAge Solutions & Services is the place for you, if you are in search of services like typesetting your book. As a book typesetting services provider, we not only provide book typesetting but also pagination services with

editorial proficiency in handling the complete range of Scientific, Technical and Medical (STM) Typesetting. We deal with simple text to complicated mathematics and chemistry for all type of books in **International Standards**.

• Project Management

This process involves coordination with the Publisher / Author / Editor consequently organizing and directing the work flow through various stages of production. We ensure quality project management through efficient follow-up with respect to copy editing and typesetting.

• Page Layout

The manuscript is transferred into a template developed in the core design stage. The complexity of this task depends on the complexity of the layout and your text.

• Book Design

Our aim is to generate a clean and professional appearance to your book that results in utmost pleasure for the readers. This course of action involves creation of a core design ideal for your subject, header & footer design, selection of fonts and graphic additions.

• Cover Design

An eye-catching cover is a key element for a successful book. We ensure to create a compelling cover page appropriate to your subject.

DigitalAge Solutions & Services

Proof Reading

This is a process followed by the layout design and typesetting a book to check the page proofs for the accuracy of the typesetting conventions and to alert the clients to any problems with the layouts, line breaks, special typographical signs, type appearance etc. The quote is given on a per page basis after thorough inspection of the material.

SOFTWARE APPLICATIONS

DigitalAge Solutions & Services use all latest versions of all popular page makeup software programs on PCs, which includes:

- Adobe InDesign
- Adobe Illustration
- Adobe Photoshop
- Corel Draw
- Microsoft Office
